One may suggest that he who possesses honor is someone with a great sense of right and wrong. This character trait of honor demands living up to a complex set of values that make up a moral code that requires one's good name and reputation which includes integrity, courage, loyalty, respect, self-less services and duty. I believe that as you progress in the Leadership program you can acquire honor by accepting responsibility and by providing a valuable service to your instructor, students and peers and in so doing will put one's self above his or her own self interests.

Remember that the distinguishable characteristics of an individual that possesses honor will always imply that the individual has given their word as a guarantee of their future moral performances throughout life.

Sincerely,  
Sr. Master Michael F. Caruso

## Lafayette Tournament 1<sup>st</sup> Regional Tournament of 2011

Let's start off 2011 with a Bang. On February 12, 2011, we will host our annual Regional Tournament. This tournament will be held here in Lafayette. We would like to see all our students compete in our tournament.

Pick up your tournament sponsorship packet and help raise sponsorships for the tournament and receive prizes according to how much you raise.
